As our products revolutionize automation globally, we're growing fast and seeking enthusiastic new talent to join our North American team!

Application Engineer

Entry-Level Position | Minneapolis, MN

Are you passionate about robotics, automation, and technology? Ready to kickstart your career at the forefront of industry innovation? As an Application Engineer at Asyri, you'll become a key player in solving technical challenges, supporting a diverse range of customers across multiple industries, and collaborating closely with our small, dynamic team.

Your Role:

- Support our sales team by conducting and documenting engineering feasibility studies for a wide range of customer applications.
- Provide pre- and post-sales technical support to customers and distribution partners.
- Utilize and update our expansive knowledge database, collaborating with the team to quickly resolve technical issues.
- Work on occasional side projects building and programming robotic pick-and-place demos for trainings, tradeshow, and events.
- Deliver technical training sessions to distributors and partners, both remotely and through occasional in-person travel.

What We're Looking For:

- A 2 or 4-year technical degree (Industrial Automation, Robotics, Mechanical or Electrical Engineering).
- Up to 2 years of relevant experience (internships and co-op experiences count!). Recent graduates are encouraged to apply.
- Familiarity or strong interest in Robotics, Machine Vision, and PLC programming.
- Familiarity with 3D modeling & 3D printing is a plus.
- Proficiency with Microsoft Office Suite.
- Fluent in English (French and/or Spanish are a plus).
- An enthusiastic team player who's customer-focused, organized, responsible, and self-motivated.
- Ability and willingness to travel domestically and occasionally internationally (~one 3-day trip every other month); valid driver's license required.

What We Offer:

- A full-time role offering diverse responsibilities and meaningful work.
- The opportunity to be part of a global team working locally in MN, with HQ in Switzerland, and other subsidiaries in Germany, Japan, and Singapore.
- A supportive, inclusive, and collaborative environment dedicated to your growth and success.
- Attractive and competitive compensation and benefits package, including healthcare, retirement plans, and professional development opportunities.

Start Date: Immediately or upon agreement.

Ready to launch your career and grow with us? We'd love to hear from you!
